

Soulinni's

Soulinni's 2008

I took over Soulinni's, a coffee & sandwich shop in Leatherhead, Surrey, 18 months ago. We serve good quality coffee, a wide range of freshly prepared sandwiches, wraps, paninis, baguettes and salads, and provide a rapidly-expanding corporate catering service.

Following a meeting with Richard Garrick of Cruz I am pleased to say we have now successfully introduced freshly squeezed fruit juices and whole fruit smoothies to our menu.

This is something I have been wanting to do at Soulinni's for some time but I wasn't impressed with other smoothie companies I saw in the early days, either with their products or the service they offered.

"we have received great customer service/support and importantly the Juice Bar has given us an excellent profit margin"

Richard really knew his subject and offered us lots of advice to get us up and running as quickly as possible. He installed the equipment (Citrocasa Citrus Juicer, Solis Fruit & Veg Extractor & Blendtec Smoothie Blender) and gave us all the training we needed to use and clean the equipment.

Since then, we have received great customer service/support and importantly the Juice Bar has given us an excellent profit margin. I have no hesitation in highly recommending Cruz to any business thinking of introducing smoothies and juices.

Soulinni's has some very discerning customers who expect and appreciate good quality food and drinks. In addition to our freshly prepared food selection, I am very pleased that we are now able to offer them freshly squeezed juices and smoothies.

If you're in the Leatherhead area, call in to Soulinni's and try a juice or smoothie for yourself.
